Not only can you take your pick of sport fish species, you can pick your mode of travel to our fishing lodges, resorts, outposts and cottage rentals. Fly-in, train-in, or drive-in; just like in the movie *Planes Trains and Automobiles*, literally. Our hundreds of lodges, resorts and outposts offer a huge variety of services, so you can customize your vacation. Sitting in a heated ice fishing shack with your best buds while reeling in your catch is really one of those northern experiences everyone should try. You can enjoy ice fishing minutes from cities and towns where there is access to lakes filled with trout, walleye and northern pike. Or, you can stay in a beautiful cottage and treat yourself to a full American Plan package—we won't judge. Or perhaps you are looking to take part in some of our annual ice fishing derbies where you can compete for ridiculous prizes.

Drive-in Fishing

A Fishing Trip That Easy

This isn't what it sounds like. There is no bad popcorn, or crackling sound while you stare at a screen through your windshield. This is about parking your car at a lodge, being catered to, and casting for pure Algoma fishing gold. These lodges are perfect for families, weekends with the guys, the girls, or your significant other. Many of our drive-in lodges and resorts offer outdoor activities such as canoeing, kayaking and wildlife photo opportunities, so once you catch your limit, there is still plenty to do. Algoma is home to some of the best drive-in fishing in Canada.

Wait it gets better. A few of our traditional drive-in lodges offer exclusive lakes that you can access only by ATV and guide services. That's right: a remote fishing lake at a drive-in lodge.

All Season Bass

By Karl Kalonka
EXTREME BASS ANGLER TV

If I had to choose only one region of Ontario to fish for bass, it would have to be in Algoma Country, Ontario. Why? Very simple. This prestigious, wilderness region of Ontario features some of the finest fishing I have ever experienced in my entire life for both smallmouth and largemouth bass.

From early April to the end of November the availability to fish on lakes and rivers that are virtually untouched and have very little angling pressure are countless. Some areas of the region are open to bass fishing twelve months of the year!

And, a lot of the lakes and rivers are drive-in locations, so anglers can launch their own boats and stay at the many fishing lodges that abound in this region.

Over the past few years we have been fortunate to visit with a variety of Algoma lodge operators and fish for bass in many different seasons with one common denominator, the bass fishing has been amazingly good! It didn't matter if it was shortly after ice-out largemouth, mid-spring smallmouth, dead of summer heat spells, cold autumn days with high east winds in rain or shine; the bass bit just fine.

Did we have to put forth a little effort to locate the larger bass or bigger schools of fish, of course we did, but that was half the fun. Braking down the lakes and rivers, discovering new

locations, using new techniques, baits and presentations, that's what makes fishing so much fun, the variety. There is so much opportunity in Algoma Country for the bass angler that it would take a lifetime of trial and discovery to fish only a portion of the lakes in this region.

How about BIG bass?

Of course, this region has lakes and rivers that abound in rich, fatty forage bases of whitefish, Cisco, smelt, perch, suckers, minnow populations and crawfish that make these Algoma bass big and fat, in a hurry.

A lot of the big bass we have caught over the years were not old fish, in fact many of the fish had smaller heads and thick bodies throughout from head to tail and were in perfect condition.

A testament to programs by local and visiting anglers and lodges alike that practice catch and release all season long, especially during the early spawning cycles when bigger fish are easily fooled into biting. Respecting the resource will ensure a brighter future for generations to come.

If it's numbers of bass you seek, or looking for that trophy of a lifetime, look no further than Algoma Country. The bass fishing, is That Real!

Fly-in Fishing

A Fishing Spot That Secluded

For decades, the bushplane has been transporting anglers, explorers, prospectors and adventurers into Northern Ontario's remote lakes. Today, the bushplane is still the only way to access many of Algoma's finest fishing lakes.

You can choose remote outpost cabins, or a full-service luxury lodge. Spectacular fishing is the norm and the solitude and quiet is the gift given to every angler. Our air services are piloted by the best bush pilots that fly out of Wawa, White River, Hornepayne, Hawk Junction, Chapleau, Foleyet, Nakina, Armstrong, Hearst, Algoma Mills and Blind River.

To learn more about full service fly-in lodges or outpost adventures visit www.algomaflyinfishing.com

REMOTE OUTPOSTS

Imagine staying in the only cabin on a secluded lake. Many of our outfitters specialize in fly-in outpost fishing. Outpost cabins are fully equipped with everything you'll need for your stay. All you need to bring is your food, your personal belongings and your fishing gear.

THE ICONIC CANADIAN BUSHPLANE

The Beaver and its Importance to Canada

The de Havilland DHC-2 Beaver is the classic Canadian bushplane: a single-engine aircraft designed for short takeoff and landing, tough and versatile enough to be landed on wheels, floats or skis. First flying the skies in 1948, The Beaver was named one of the Top 10 Canadian engineering achievements of the 20th century by The Canadian Engineering Centennial Board. When de Havilland ceased production of The Beaver in 1967, 1,657 had been built. The aircraft were registered in 60 countries, and many are still flying today, as utility and private planes. Brook Trout Tips

By Colin McKeown
The New Fly Fisher Show

Catching colourful, wild brook trout on a fly rod is a major incentive for fly fishers to visit Algoma Country. Whether it's teasing them on the surface with a dry fly or going deep with a streamer, Algoma is one of the few places left in North America where you can catch truly wild brook trout in their natural habitat.

Algoma brook trout can vary in size from 14" to 22" with an average of 17" in length. A medium-fast action fly rod of 8½ to 9 feet in a 5 or 6 weight size is ideal for casting light dry flies, streamers and bulky mouse patterns. There's no need for a reel with a sophisticated drag system—a simple click-pawl model is quite adequate. Besides a floating fly line, we recommend you also bring an intermediate and sink-tip lines for probing the depths with streamers. Effective flies include: elk hair caddis, adams, woolly buggers, zoo cougars, muddler minnows and of course, deer hair mice.

Watch for hatches on both streams and lakes, the dry fly action can be explosive. Using an intermediate flyline with a woolly buggie or muddler minnow is extremely effective, especially when slowly retrieved. Leaders should be from 8 to 10 feet in length. For dry flies we recommend 4x or 5x tippet, streamers and mice patterns require a minimum of 3x tippet to prevent breakoffs from aggressive strikes.

From lakes to streams, Algoma has a wide variety of excellent locations to catch wild brook trout on a fly. Come see why this is such a special fishery!

Want a remote experience without having to fly? There are multiple lodges to choose from along the VIA rail line in Algoma, each providing an experience as unique as its location. Departure on the rail line can be from multiple locations, so this experience is closer than you may think.

You can prepare your own meals in a housekeeping cabin, or enjoy the pampering of a full American Plan that includes meals prepared in the main lodge, and daily housekeeping service. Our fishing lodges are owned by experienced anglers that truly know the sport of fishing.

Hunting

The Quest for That Trophy

Many of our Algoma resorts, lodges, and fly-in wilderness camps transform themselves into seasonal hunt camps with experienced guides. These hunting lodges play an important role, because all non-resident moose hunters must be a registered guest with a tourist outfitter to be eligible for a licence.

Algoma offers three types of hunting adventures: small game, wild fowl and big game. The spring black bear hunt in Ontario runs from May 1st to June 15th. The fall bear hunt season begins in mid-August while small game, wild fowl and big game, including moose and deer, begin mid-September through mid-December.

Road Tripping. Road trips are all about freedom and the thrill of uncovering new places. Whether you travel by car, motorcycle, RV, or bicycle, Algoma was built for the road trip. Cruise the shores of Lake Superior, Lake Huron or meander alongside an inland waterway. You can choose from four distinctive touring routes or head out exploring with just a road map and the open road as your guide.

Touring Routes

Did you know that Algoma is over three times the size of the State of Vermont? Make sure you have enough time to slow down and enjoy the awesome scenery and smell the butter tarts.

For those of you looking for a weekend motorcycle ride, it's likely time to ride Highway 129. Nicknamed "Ontario's Tail of the Dragon", this ribbon of road has spectacular scenery and is renowned for curves as it hugs the banks of the Mississagi River. Part of the Grand Algoma Tour, Highway 129 links up to Highway 101 at Chapleau which takes you to Highway 17 at Wawa. This trip is ideal for any mode of travel. Be sure to take a selfie with the famous Wawa Goose then get ready to experience one of the Top Ten Drives in Canada: Wawa to Sault Ste. Marie ("the Soo"). The ride between Wawa and the Soo takes about 3 hours but we recommend you take a full day. There are so many opportunities to stop and photograph the scenery along Lake Superior.

Lake Superior Circle Tour: Are you ready for it? Three states, one province and this immense lake make for a wicked road trip. Its humbling scenery, tasty places to eat, and bike-friendly, RV-friendly and family-friendly places to stay make the Lake Superior Circle Tour a must do vacation. You'll experience different cultures, local traditions and meet unforgettable people all around the lake. Motorcycle riders can learn more and plan your ride at www.ridelakesuperior.com. Not a rider? The information available here is great for anyone wanting to tour the Lake.

LAKE SUPERIOR FACTS

It is the largest lake in the world by surface area.

At its deepest point, it measures 405m or 1,333 feet - larger than the Empire State Building.

Its Ontario shoreline contains some of the world's oldest rocks, formed about 2.7 billion years ago.

The shoreline would reach from Duluth, Minnesota to the Bahamas if stretched out straight.

There is enough water in Lake Superior to cover all of North and South America in water one foot deep.

Grand Algoma Tour

Distance: 616 km / 382 mi Duration: 1-2 Days

This spectacular 2-3 day tour takes you along the Superior coastline then inland through the heart of Algoma. Highlights include the magnificent scenery between Sault Ste. If you want your adventure to start even before you arrive in Algoma, there's another way to get here from Southern Ontario. For over 40 years, the Owen Sound Transportation Company has been connecting Georgian Bay to Manitoulin Island. Ojibwe for "big canoe", Chi-Cheemaun ferry passengers are not only transported across Lake Huron but can take in the rich Indigenous heritage and beauty of Manitoulin Island before arriving in Algoma. ONTARIO
CANADA

A True Motorcycle Destination

By James Bai
Wobblycat Photography

If you're craving a roadtrip with uniquely Canadian landscapes, the rush of adrenaline as you carve through twisties and elevation changes, and feeling like you're in the remotest part of the world yet within a day's ride from Canada's largest city, then you need to ride the Grand Algoma Tour. The exposed rock of the rugged Canadian shield will take your breath away and turn your thoughts philosophical as you realize it has been here for 4 billion years. Stop and enjoy the wild forests, rivers and waterfalls of the interior; the sound of the wind swishing through the trees, the birds chirping, and the flowing of water will soothe your soul. Seeing the largest freshwater Lake in the world, Lake Superior or Gitche Gumee, as you round the bends that rise and fall towards the water is an experience you will not forget.

The route will take you from Thessalon, north on Highway 129 to Chapleau, then west on Highway 101 to Wawa. From there, take Highway 17 (the Trans-Canada Highway) south to Sault Ste. Marie, then east again to Thessalon to finish the loop. The loop itself can be done in two days.

With many motorcycle-friendly resorts and hotels along the route, there is no need to pack a tent, but you will want to pack a camera! However, this being Northern Ontario, know the range of your tank and make note of the gas stations, remembering that most close for the evening. Being away from the city, the stars will come alive at night; bring your favourite astronomy book or app to see how many constellations you can identify.

One cannot ride through Algoma without it becoming a part of you. And even after you return home, a part of your heart will still be in the north.

Snowy and Proud Of It

By Martin Lortz
Outerimages.com

When it comes to comparing outdoor winter enthusiasts, you will be hard to find a more dedicated and determined participant than the snowmobiler. Long before the first snowflake hits the ground, the gear collection begins. Sleds, trailers, trucks, insurance, gas, trail permits, as you can see the commitment level is high. Then you find yourself waiting at the nail-biting mercy of Mother Nature to provide a sled-worthy playground. So it's no surprise that when it comes to planning a snowmobile adventure, there is only one four-letter word that will make a snowmobiler smile; snow.

With a historical resume, of longest seasons and deepest snow in Ontario, Algoma Country has been putting smiles on the faces of snowmobilers for as long as Lake Superior's lake-effect snowmaking machines have been dumping hundreds of centimetres of snow on Algoma's landscape.

Snow might be the magic commodity, but there is so much more to a memorable snowmobile adventure in Algoma. Accommodations abound, from backcountry lodges to town centres where you can find all necessary amenities at your disposal, food, shopping, repairs, guidance. Need a place to park your truck and trailer? Not a problem, there is always plenty of space to stage at trailheads or the parking lot just outside your hotel room.

At the core of the Algoma's sled experience are the communities that dot the vast landscape and the people that reside in them. They understand and live the passion of the snowmobile and are happy to share. Here you will find hard working snowmobile club members and groomer operators that turn the rugged wildernesses into a 3,200-km ribbon of silky snow trail. Choose to follow a signed loop or map in hand, you're free to explore for a day, or many, from early December often into April.

Then there is Algoma's not so secret, Secret Boondocking. With off-trail riding becoming one of the fastest growing segments of snowmobiling, Algoma, and more specifically Wawa, has become the epic center of Boondocking in Ontario. With the right sled (long track) and an adventurous spirit, the opportunities and terrain are endless.

Where is this Algoma you ask? Step one, locate the worlds largest freshwater lake on the map, that being Lake Superior. Next, check the direction the wind and snow are blowing. This is called lake effect snow and it's at its most potent on the northeast corners of the lake which just happens to be Algoma. If that sounds complicated the short answer is, Algoma is a short hop over the border from Michigan and a day's drive from anywhere else. A traveling commitment that is a drop in a bucket for a dedicated snowmobiler in search of snow-induced smiles.

**That

Nature & Outdoors. Beautiful sand beaches, crystal-clear waters and miles of unspoiled hiking trails are the norm here. Our scenic country roads are just the place to explore with your bicycle. For the kayak or canoe enthusiast, our lakes and rivers are world-class.

Backpack & Hike

Trail Mix That Delicious

Algoma offers a challenge for beginner, novice and experienced backpackers. Hikers can enjoy a leisurely meander along well marked nature trails or rough it alone in some of the most rugged wilderness in Ontario. This region offers a range of experiences from backcountry hiking and camping, to day and night trips in comfortable cabins.

THE COASTAL TRAIL

A strenuous hiking adventure, the Coastal Trail (63 km, or 5 to 7 days) traces Lake Superior along scenic cliffs, across cobblestone beaches and vast forests. Look up for bald eagles, especially along the Sand and Agawa rivers. Several access points give you a choice of spending one or several days on the trail.

CHAPLEAU GAME PRESERVE

This 2 million-acre preserve, the largest of its kind in the world, offers endless backpacking opportunities, scenery and opportunities to view wildlife in their natural surroundings. For your free map and self-guided tour of the Chapleau Game Preserve visit www.chapleau.ca

A Taste of the Missinaibi

By James Smedley

The bow of the canoe parts the small standing waves leading to a perceptible drop in the river. Fifteen minutes ago we were on the river's bank, scouting this rapid, but as we drop sharply into an amalgamation of swifts, standing waves and giant boulders, everything looks different.

"Forward, forward, forward!" Erin calls from the stern, "we need speed going into this!"

I'm three days into a five-day trip with Missinaibi Headwaters Outfitters. I joined the group of seven paddlers at the town of Mattice along Highway 11. They'd already been on the river for several days but by the end of my first day, I knew this would be an exceptional trip.

Not only because I am traveling the fabled Missinaibi River, but because I'm joining four strangers who quickly become friends, and three guides whose exemplary cooking, camping and paddling skills make moving through the remote Algoma wilderness a distinct pleasure.

Yesterday we put in a long day under the hot sun negotiating kilometre-long Black Feather Rapids where Volkswagen-sized boulders stretch across a wide swath of river before assembling camp at Kettle Falls. Today we are paddling the shallow and narrow passages around Skunk, Isabel, and Alice Islands. Late in the sunny afternoon a tail wind fills in, hastening our push towards Thunder House Falls.

For such a remote location it's surprising to see a large white and red sign identifying the portage trail. This is largely due to the fact that in 1993 a group of five paddlers died after being swept over Thunder House Falls.

As I remove my pack at a wooded campsite along the cusp of the deep canyon, I'm happy to be experiencing Thunder House from dry land. I walk down a steep path to a terraced landscape of angular bedrock scoured clean by seasonal high waters. Dark waters are funneled through a narrow canyon and over a series of three to four-metre-high falls; breathtaking from the boreal-capped ridge, but deadly from the water.

CONJURING UP SOME FISH

As a devout angler, paddling a wilderness river without wetting a line is highly unusual. So far, our need to cover water has meant I've only been able to envision the piscatorial secrets sequestered in the Missinaibi's waters. But with a free evening I appeal to Ryan, one of our guides, to relinquish his dishwashing duties to join me in some exploratory angling.

We launch below Thunder House and paddle upstream into the canyon. Steep walls of rock rise above foam licked waters. We round a bend to see an angular rock pillar rising 25 metres. I recognize this from photographs as Conjuring House Rock. Not only is it a transition point between the Precambrian Shield and the James Bay Lowlands but a significant spiritual location for the Ojibwe and Cree. A powerful spot to catch my first bass and walleye of the Missinaibi trip.

After a portage around Stone Rapids the next morning, we work our way through a technical class one swift to the start of the longest portage of the trip. There's a dogleg turn downstream where the river disappears into Hell's Gate Canyon, an elongated crevice-like slit in the earth. There is a story of paddlers who elected to avoid the 2,350 metre portage by lifting and lining through the succession of sharp drops of Hells Gate Canyon. It took them a terrifying two days to navigate the two-kilometre-long canyon.

Bent under the weight of packs and canoes, we spend most of the afternoon making multiple trips along the mercifully flat trail. At the end of Hells Gate Canyon the river empties into a deep and swirling pool. While the others relax on the cobble shoreline, Ryan and I summon our angling reserves and clamber onto a point of angular rocks to work the pool. I'm rigged before Ryan and manage to catch three walleye in three casts. Once rigged, Ryan enjoys similar results and we enjoy another taste of the Missinaibi's angling potential until the others have the canoes packed and ready to roll.

With the river now dropping about six metres every kilometre it's an exciting ride to our final destination at Bells Bay. The late afternoon sun just peeks over the high rocky shoreline that funnels us through Long Rapids, a two-kilometre stretch of continuous swifts. Under the tutelage of guides Erin, Ceilidh and Ryan, the confidence of our group has grown to the point where the final class II rapid, complete with large standing waves, is negotiated with confidence and enthusiasm.

With our final campsite set on the shores of Bell's Bay, Ryan and I return to fish. A floatplane will arrive in the morning with a fresh guide and new clients. Only fellow guest, Joe, and guide, Ceilidh, will continue downstream another 10 days to Moosonee. As Ryan and I pluck walleye from calm, shallow waters, I can't help glancing downstream toward the remaining course of the mighty Missinaibi.

Paddling

Tripping That Epic

Our paddling outfitters combine learning with great food, top of the line equipment and professional staff. From beginner to expert, family trips, a group of friends wanting to get away, to a musical voyageur canoe trip, our outfitters will deliver the trip of a lifetime.

CANOEOING

Whether you are looking for lakes of glass or foamy whitewater, Algoma's got it. Lake Superior is where you can get up close and personal with many of the landscapes the Group of Seven painted, or paddle the Missinaibi River all the way to the James Bay coast. Now that's a paddle trip.

KAYAKING

Kayaking on Lake Superior truly is a world-class experience comparable to that found only on the world's oceans. Home to the best sea kayaking in the interior of North America is a claim we take seriously. Kayakers from across the globe converge on Algoma and the Lake Superior shorelines.

STAND UP PADDLING

Stand Up Paddleboarding (SUP), started in Hawaii as a spin-off to surfing; it combines surfing and canoeing. If you want to learn how to SUP, there are lessons available. The SUP opportunities in Algoma are endless on our inland lakes, rivers and on Lake Superior.

Prince Township provides a new Festival and Events Pavilion which houses our free, covered outdoor rink during the winter months. As well, a snow machine trail meanders through the township. Visit our library and Best Start Hub. Take in the annual Tractor Parade and museum in the summer. You'll find delicious food at Boots and Saddles and all the amenities you'll need at the Airways General Store, including fuel and propane.

St. Joseph Island

Many colourful stories – some legend, some historical fact—are told about St. Joseph Island, the 2nd largest freshwater island in the world, situated in the channel between Lakes Huron and Superior. About 45 km (28 mi) long and 24 km (15 mi) wide, the 140,000-acre island is 56 km (28 mi) east of Sault Ste. Marie via Highways 17 and 548. Originally named Anipich, the Ojibwe word for “place of the hardwood trees”, the Island was given its present name by Jesuit missionaries to honour the patron saint of a new Indian church they were building.

St. Joseph Island has been listed as the ideal destination for “ride and bike” cyclists. Whether you’re an avid cyclist, a weekend enthusiast, or just cycle for fun and fresh air, St. Joseph Island offers the perfect mix of rolling hills, canopied side roads, picturesque vistas, low traffic rates and friendly services for distance riding or circular routes.

Fort St. Joseph National Historic Site of Canada is a must-see stop. The British chose St. Joseph Island as the ideal location for a fort because of its proximity to Fort Mackinac, to the navigation routes controlling the fur trade and access to the Great Lakes. It was from Fort St. Joseph that a surprise invasion took place in 1812, leading to the capture of the American Fort on Mackinac Island.

The Island is linked to the mainland by a toll free bridge, opened in 1972. With full service marinas, championship 9-hole golf course, libraries, public beaches and trails within easy walking distance of the business centre, St. Joseph Island has something for everyone. The two villages, Hilton Beach and Richards Landing, have a variety of businesses to serve the traveler, as well as hosting many special community events.

Hilton Beach

Hilton Beach offers many services such as restaurants (two licensed under the LLBO), a general store, gift shop, post office, motel, tourist park with cabins and hookups for trailers, public library, automotive garage, hair salons and a full service marina known as one of the largest in the North Channel and one of the most scenic on the Great Lakes.

Many events take place through the summer months. Arts at the Dock is one of the largest shows in Algoma. The Hilton Beach Car Show features about 100 original, restored cars. Old Town Hall concerts brings some of the best Canadian musicians.

For more information write Village of Hilton Beach, Box 25, Hilton Beach ON P0R 1G0, email info@hiltonbeach.com or visit us online at www.hiltonbeach.com

Richards Landing

The Township of St. Joseph, which includes Richards Landing, was incorporated in 1876. Richards Landing is the largest settlement on the Island and provides a wide range of recreational, cultural, health, entertainment, business and financial services to the Island community. You'll find unique shops and eateries in Richards Landing, historic sites of interest, as well as many exciting events and festivals during the summer and fall months such as annual art shows, music festivals, maple syrup festival, the St. Joseph Island Triathlon, and the "Just Passin' Through" concert series to name a few.

The Richards Landing Municipal Marina is a full service marina with showers and laundry, pump out, free internet service for boaters and exceptional waterfront dining, all within steps of the downtown business area. The view of the Bridge and the St. Joseph Channel is not to be missed.

Elliot Lake

Easy access to idyllic wilderness really is at your doorstep in Elliot Lake. Surrounded by pristine crown land and thousands of lakes means recreational opportunities are endless and always close by! The city and neighbouring forest are home to amazing canoe and hiking routes all maintained by local clubs. In addition, Elliot Lake is home to a modern alpine ski hill, cross country ski trails, a championship 18-hole golf course and is located at the heart of the Deer Trail Touring Route. Numerous restaurants, shopping, an abundance of activities and attractions will keep the urban adventurer captivated! Visitors will find accommodations including a hotel, lodges and campgrounds suiting all budgets and preferences.

Singled out as one of the most exciting ATV adventure destinations in Canada, the “great outdoors” surrounding Elliot Lake includes the largest insured ATV trail network in Ontario. With over 300 km (186 mi) of trails within 30 km (18 mi) of the city, full access to city businesses, an ATV adventure has never been this easy! When tires turn to tracks, Elliot Lake becomes one of the most accessible and connected snowmobile destinations in Ontario. At the intersection of three TOP trails and various local trails, we are the centre of Ontario’s best stay and ride snowmobile destination.

Elliot Lake is fast becoming one of Ontario’s premier wilderness and adventure destinations and the reasons are obvious. To obtain a tourist information package, please call us at 1-800-661-6192, email welcome@city.elliottlake.on.ca, or visit www.cityofelliottlake.com

Spanish

A natural pit-stop for North Channel island-hoppers or a great place to stay for awhile at our modern full-service Marina, with laundromat, fitness centre, wireless internet, clean showers, sauna and more. Spanish is an important Gateway to the North Channel being a short hop to the beautiful Benjamin Islands group and closer still to the island-speckled waters of Whalesback and McBean Channels. Spanish prides itself on being a convenient beginning, middle or ending for visits to these popular anchoring spots. The Town of Spanish is much more than a place to simply fuel up and run. Coupled with the Waterfront Marina Complex there are many local businesses in the downtown core that can provide all the amenities needed: boat and auto repair, restaurants (licenced and unlicenced), groceries, hardware, liquor and beer store, bank, post office, gift shop and more. Medical and dental services are also available. Near the marina is a bed and breakfast (Bel Abris), a roller blade rink and a baseball field. For further information contact us at (705) 844-2300 or visit www.townofspanish.com

That relaxing.

A photograph of a wooden dock extending into a calm lake at sunset. The sky is filled with soft, warm colors of orange, yellow, and pink, reflecting on the water's surface. A wooden bench sits on a platform at the end of the dock. The dock itself is made of wooden planks and leads from the bottom center towards the middle ground.

Stories That Interesting

There are many stories to be told in Algoma. The Agawa Rock Pictographs, a sacred site on Lake Superior, tells the story of the Ojibwe people. Visit the ruins of Fort St. Joseph National Historic Site then walk the nature trails of this remote outpost. The Heritage Sawmill in Hearst, the Bruce Mines Museum, and the Timber Village Museum are just a few of the regional museums where you can discover our area's past.

Purchase a Four Culture Pass at any one of the following attractions to be admitted to: Canadian Bushplane Heritage Centre, Sault Ste. Marie Museum, Ermatinger • Clergue National Historic Site, and the Art Gallery of Algoma. All four of these attractions are within walking distance of each other.

Shop at Farmers' Markets for fresh, locally grown produce, and handmade artisan products. Learn about the productive life of insects at Entomica. Take part in art classes and workshops, live theatre and music festivals.

Check out the world's largest Game Preserve in Chapleau, the famous Agawa Canyon Tour Train, the Wawa Goose, landscapes that inspired the Group of Seven, one of the Top 10 Drives in Canada along the TransCanada, and the Fire Tower Lookout in Elliot Lake to see what makes this place tick.

According to Wikipedia, Culture is a word for a people's way of life and History recounts how this way of life was shaped over time. In Sault Ste. Marie we celebrate our Culture and our History through our people, art, architecture, artifacts and, most importantly, we do it with a big helping of fun!

With four of our major cultural attractions located within a short walk of each other, you can contemplate beautiful art at our Art Gallery, immerse yourself in our colourful history of flight, step back into our past at Sault Ste. Marie's oldest building and gaze upon artifacts that shaped us at the Museum.

From the Group of Seven, yes, THAT Group of Seven, to Francis H. Clergue, to Bush Pilots opening up what we know as Northern Ontario to celebrated Indigenous People and citizens, our history and culture will be served up at themed dinners, in theatre performances, and by strolling throughout these wonderful cultural and heritage sites!

Yummmm That Scrumptious

Part of what makes vacations fun is discovering new foodie finds. The entire Algoma region is full of local personalities creating dishes from all over the world. The benefit? Your taste buds.

EATING IN ALGOMA

A traditional Polish meal of perogies and cabbage rolls, mouth-watering Austrian schnitzel, spicy West Indian curry, and Friday night fish fries are just some of the tasty deliciousness here. Pizza is baked to perfection in Sault Ste. Marie and the city has over a dozen different places to grab a slice of Italy.

Looking for something sweet? Recognized worldwide as a quintessentially Canadian dessert, the butter tart is a popular treat available throughout the region. Algoma is also home to Ontario's largest maple syrup producer, Gilbertson's on St. Joseph Island. And the sweet northern nectar that is Loon Vodka is distilled in Hearst.

SHOPPING

Commemorate your vacation with Canadian-made crafts and souvenirs, or a piece made by a talented local artisan. Woodworking, pottery, paintings and Aboriginal crafts are Algoma must haves. Looking for a one-of-a-kind find? Peruse shelves of eccentric collectibles, racks of vintage clothes, crates of records, and furniture at flea markets and antiques shops.

Algoma is home to one of the largest shopping malls in Northern Ontario in downtown Sault Ste. Marie, and if casino gaming is your activity of choice you will find that here as well. Learn more here: www.algomacountry.com

Questions? We Have That Answer. The information provided is for everyone and includes border crossing information by car, boat and air. There is information for what you can bring into Canada and what you need to know about bringing the family pet. You'll also find out what you can take home with you when passing through Customs, travel distances and, of course, our location can be found here.

Know Before You Travel: Canadian & International Travel

CROSSING THE CANADA-U.S. BORDER

All U.S. citizens aged 16 and older, entering Canada by air (including in-transit passengers who are transferring planes in the U.S.), land or water, must present one of the following documents: a passport or passport card; an Enhanced Driver's Licence; or a Trusted Traveler Program Card (SENTRI, NEXUS or FAST Card). Travellers aged 15 and under require a birth certificate for land or sea travel and a passport for air travel. For current requirements go to: cic.gc.ca.

If you are traveling with your own children under the age of 16 and your spouse, bring their birth certificates. If you are traveling with a child other than your own or without your spouse, have the child's birth certificate along with a letter of permission, including name and contact information for that child's parents/guardians or your spouse. This is needed in case Customs officers decide to verify you have permission to bring the child into Canada.

Visitors from all other countries require a valid passport and, in some cases, a visitor's visa. Starting March 15, 2016, visa-exempt foreign nationals who fly to or transit through Canada will need an Electronic Travel Authorization (ETA). Exceptions include U.S. citizens and travellers with a valid visa.

IMPORTANT NOTICE FOR U.S. RESIDENTS

If you or anyone in your party has a felony or misdemeanor conviction, you may not be allowed into Canada. This includes such offences as a DUI. Your admissibility to Canada depends on the nature of the offence, how many offences you have, as well as how long ago it occurred. If this applies to you or someone traveling with you, it is imperative you contact Immigration Canada well in advance of your arrival. You will likely have to complete some paperwork and Immigration Canada authorities will then advise you of the likelihood of being allowed into Canada. Final determination of your admissibility into Canada is only made when you cross the border.

Contact Citizenship and Immigration Canada at www.cic.gc.ca/english/visit/tourist.asp or the Canadian Consulate in New York, NY http://international.gc.ca/world-monde/united_states-etats_unis/new_york.aspx?lang=eng regarding any forms you may be required to fill out. You may also wish to call an Immigration Officer at the Sault Ste. Marie, Ontario Port of Entry to discuss your situation at 1-800-461-9999 or (204) 983-3500 (outside of Canada). Frequently asked questions for Americans traveling outside of the U.S. are available on these two websites: www.cbsa.gc.ca or www.travel.state.gov

WHAT CAN & CAN'T COME INTO CANADA

Residents of the United States who visit Canada are allowed to bring in a "reasonable" amount of personal goods duty free. The amount you bring should align with your length of stay. Limits for some of the regulated items:

- **Alcohol:** If you are 19 years of age or older and crossing the border into Ontario, you can bring, free of duty and taxes, either 1.5 litres (50 oz.) of wine, 1.14 litres (40 oz.) of liquor, or 24 X 355 millilitres (12 oz.) of beer or ale. If you bring in more than the amount listed here, you will be required to pay the duty at the Border on excess amounts. Make sure you fully declare all alcohol in your possession.

VEHICLES & INSURANCE

Any necessary permits are issued at the port of entry. If you've rented a vehicle or trailer, make sure you bring along a copy of the rental contract, which stipulates that you have permission to use it in Canada. U.S. motorists planning to travel in Canada are advised to obtain a Canadian Non-Resident Interprovincial Motor Vehicle Liability Insurance Card available only in the U.S. Contact your local insurance agency. For more info contact Canadian Border Services (204) 983-3500, or (506) 636-5064, or visit www.cbsa.gc.ca

HOSPITALS & HEALTH INSURANCE

Most communities have hospitals and/or resident doctors. Wise travelers will check with their medical service plans to ensure they will be covered while in Canada, as health insurance plans may not extend coverage outside your country of residence. If you are taking prescription drugs, make sure that they are in the original packaging, bring an adequate supply, and bring a copy of the prescription in case you need a refill during your stay in Ontario. If this is not possible, carry a copy of the prescription or a letter from your doctor. For more information and insurance details, contact your travel agent, insurance broker, or your employer's insurance provider.

SEAT BELTS

Ontario Law requires that adults and children over 40lbs / 18kg in weight wear seat belts. Infants from birth to 20lbs / 9kg in weight must travel in a rear-facing child restraint system. Toddlers weighing 20-40lbs / 9-18kg must travel in a front-facing child restraint seat.

CREDIT CARDS, FINANCIAL SERVICES AND U.S. FUNDS

Chartered banks are located in virtually all cities and towns. These full-service institutions are the best locations for exchanging currency. There is also a government sanctioned Canada / U.S. currency exchange service at the International Bridge Plaza in Sault Ste. Marie and at the Duty Free Store & Kiosk. Credit cards such as Visa, MasterCard and AMEX, are generally honoured in all communities. Be sure to check with individual businesses before or when booking accommodations to ensure they accept your card.

SALES TAX

In Ontario, a Harmonized Sales Tax (HST) of 13% applies to most purchases. For more information, contact: 1-800-565-9353 (inside Canada), (902) 432-5604 (outside Canada), or www.cra-arc.gc.ca
